UNIQUENESS LASTS LONGER

Company Profile 2025

Unix Prints Trading is a premier trading company based in Qatar, specializing in POS consumables, printing solutions, logistics, and office supplies. We are also at the forefront of Electronic Shelf Labels (ESL) and Digital Signage solutions, transforming how businesses manage pricing, promotions, and customer engagement with cutting-edge technology. Renowned for its expertise in thermal papers, labels, and POS systems, our company endeavors to furnish our esteemed clientele with products of exceptional quality complemented by outstanding service. Our unwavering dedication lies in meeting the multifaceted requirements of businesses spanning across diverse industries, ensuring the provision of solutions driven by value and excellence.

OVERVIEW

Unix Prints Trading was founded with a vision to offer high-quality products and solutions for businesses, organizations, and individuals seeking reliable supplies for their daily operations. We understand the critical role that thermal papers, labels, and office supplies play in ensuring smooth workflow and professional communication.

Hence, we have made it our mission to deliver top-notch products that meet the highest industry standards.

Quality Assurance:

We understand the importance of reliable and consistent supplies for the smooth functioning of businesses. To guarantee the highest quality, we source our products from reputable manufacturers and suppliers who adhere to strict quality control processes. Our commitment to excellence ensures that you receive products that meet or exceed your expectations.

Environmental Responsibility:

As part of our commitment to sustainability, we actively seek eco-friendly products and packaging solutions. We strive to reduce waste, promote recycling initiatives, and contribute to a greener future. By choosing our products, you can trust that you are making a positive impact on the environment.

VISSION

Unix Prints Trading is dedicated to Empowering the Future of Retail. We envision a world where every retail space thrives through seamless innovation, sustainability, and intelligent connectivity. We aim to redefine retail experiences by pioneering cutting-edge POS systems, dynamic Electronic Shelf Labels, and transformative digital signage solutions that bridge the physical and digital realms, empowering businesses to adapt, grow, and lead in an ever-evolving market. In pursuit of this vision, we have outlined strategic objectives to guide our path forward:

- **Innovation at the Core:**
Drive the adoption of smart retail ecosystems through IoT-enabled ESLs, AI-driven digital signage, and cloud-based POS systems that deliver real-time insights and agility.
- **Sustainability as a Standard:**
Champion eco-friendly retail technologies, such as energy-efficient ESLs and paperless solutions, to reduce environmental footprints while boosting operational efficiency.
- **Seamless Customer Experiences:**
Enable retailers to create immersive, personalized shopping journeys by integrating dynamic pricing, interactive displays, and omnichannel capabilities.
- **Global Leadership in Smart Retail:**
Become the trusted partner for retailers worldwide, from local stores to multinational chains, by delivering scalable, future-proof solutions that anticipate industry trends.
- **Collaborative Growth:**
Foster partnerships with tech innovators, retailers, and sustainability advocates to co-create solutions that redefine retail’s potential.

Where Retail Meets Tomorrow
Powering Smarter Retail, Today & Tomorrow

MISSION

Unix Prints Trading is committed to revolutionizing retail operations by delivering innovative, sustainable, and reliable POS systems, Electronic Shelf Labels (ESLs), and digital signage solutions. Our mission is to equip businesses with the tools to streamline workflows, enhance customer engagement, and adapt dynamically to market demands ensuring they thrive in an era of smart, connected retail.

- **Innovation-Driven Solutions:**
Develop and deploy cutting-edge technologies like IoT-enabled ESLs, AI-powered digital signage, and cloud-integrated POS systems that simplify operations and unlock real-time decision-making.
- **Sustainability in Action:**
Reduce retail’s environmental impact by promoting energy-efficient hardware (e.g., long-life ESLs), paperless transactions, and recyclable materials across all product lines.
- **Customer-Centric Excellence:**
Partner closely with retailers to understand their challenges and deliver tailored, scalable solutions—backed by 24/7 support, training, and agile updates.
- **Empowering Retail Agility:**
Enable businesses to respond instantly to pricing changes, inventory shifts, and consumer trends through seamless integration of POS, ESLs, and signage.
- **Democratizing Smart Retail:**
Make advanced retail technology accessible to businesses of all sizes, from local stores to global chains, ensuring no one is left behind in the digital transformation.
